**Power Up Your Devices!  
Charging Lockers, New @ Your Library**

**Hyattsville, MD** – Have a cell phone, smartphone, iPad or laptop that needs charging while visiting our Hyattsville Branch Library? No problem! Take advantage of our new [KwikBoost](#) charging lockers. With [MFi certified](#) technology, your devices will be charged efficiently. Moreover, you may secure your devices while charging with a user generated code on a digital keypad lock. An eight-locker kiosk, located on the upper level of the Hyattsville Branch across from the Information Desk, is now available for customer use.

Hyattsville Branch customer, Nancy Andino, had this to say about the charging lockers: "Es perfecto, por que al mismo tiempo que use la computadora cargue mi celular," which translates "It's perfect because I can charge my phone while I use a computer!" By using the charging lockers kiosk, customer and product safety are enhanced because no one will trip over your cord while your device is charging. Visit the Hyattsville Branch soon, and power up your mind and your devices!

**About The Prince George's County Memorial Library System**

The Prince George's County Memorial Library System (PGCMLS), consisting of 19 branches, offers strategies for lifelong learning. Early literacy and skills development Library resources include: Ready 2 Read Centers, ABCmouse, AWE Early Literacy Stations, Beanstack, Lynda.com and Brainfuse's JobNow. Enjoy STEM activities such as STEM-tastics, STEM for Families, Crazy 8s Math Clubs, Minecraft, 3D printing, Makerspaces, DREAM (Digital Resources for Electronic Applications in Media) lab and more.
